Unitel Receives Telecommunication Industry's Top Award

*Technology Assurance Group (TAG)
Selects Unitel as its Elite
Telecommunication Company at the
2006 TAG National Convention*

BOSTON, MA — March 30, 2006 — Unitel, a leading telecommunications provider, announced today that the company received one of Technology Assurance Group's top awards at the association's 2006 National Convention held in San Diego in March. Technology Assurance Group (TAG), a national organization of independently owned telecommunication companies representing over \$300 million in products and services, selected Unitel as the winner of the "Excellence in Sales Performance Award" for exceptional economic performance and superior customer satisfaction. Unitel was highlighted as one of the nation's leading telecommunications companies during a prestigious awards ceremony.

The distinguished award is based on overall financial performance, customer satisfaction, and the ability to provide companies with cost effective and state-of-the-art telecommunications solutions. "Unitel outperformed and surpassed many of the top companies in the industry," said Dale Johnson, president of Technology Assurance Group. "The company helped their customers embrace cutting edge technology and as a result businesses of all sizes received a competitive advantage and improved profitability."

Mark Worster of Unitel accepted the award for the company. "This award symbolizes our dedication and commitment to quality customer service

and our efforts to stay at the forefront of a rapidly changing industry," said Mr. Worster. "The unending support we receive through our membership at TAG has enabled our organization to both learn and properly execute better business practices. TAG has helped us become a more successful organization and this has a direct correlation with the high satisfaction ratings we've received from our valuable customers. Unitel is also fortunate to have a team of professionals that are willing to implement new business strategies. We're thrilled with last year's performance and we're striving to exceed these accomplishments in 2006."

Unitel offers businesses a variety of communication solutions including telephone systems, local/long distance service, Internet connectivity, web conferencing, teleconferencing, call accounting, and Voice over IP (VoIP). The company's mission is to serve the business community with tools that make organizations run more efficiently, increase their profitability and give them a competitive edge in their marketplace.

ABOUT UNITEL, INC.

Unitel is an (17) year old provider of digital communication systems designed to increase your profitability or provide you with a competitive advantage. Their product portfolio ranges from telephone systems to network hardware and support. Unitel delivers solutions using industry certified technical professionals dedicated to your satisfaction. Unitel's clients include every type and size of business imaginable including

construction, architects, software developers, biotechs, non-profit and many other types of businesses. Whatever service or product you need Unitel or their customers can meet that need.

In addition to your on site systems Unitel can interface directly with any of your current or future connectivity providers. Their expertise in working with these companies allows you to focus on your core business and not on your communications system.
